SUMMARY

Fullstack developer with a strong foundation in .NET and React, building scalable and testable applications using Clean Architecture, CQRS, and modern DevOps practices. With an engineering background and an analytical mindset, I take ownership across the full stack, from API design to user-facing interfaces. I'm now looking to take the next step in a larger team environment where technology meets real business value, with a particular interest in AI-driven solutions in Azure.

PROFESSIONAL EXPERIENCE

2026/03 - 2026/06 **Software Developer LIA 2** | Go.Do. AB, Ängelholm

- Built a backend API and iOS/Android app for an event discovery platform aggregating events from municipal APIs and local organizers into a searchable, filterable catalog supporting multiple Swedish cities
- Implemented an automated nightly pipeline with AI-based classification and geocoding, orchestrated as fault-tolerant background services
- Responsible for Clean Architecture, CQRS, JWT authentication, CI/CD via GitHub Actions, and GPS-based proximity search with multilingual support (SV/EN)
- Backend: .NET 10, ASP.NET Core, EF Core, SQL Server, MediatR, FluentValidation, Docker
- Mobile: Expo SDK 54, React Native, TypeScript, Expo Router, i18next, Jest

2026/01 - 2026/02 **Software Developer** | PluggKompis, Homework Help Platform

- Built a fullstack platform aggregating free homework help from libraries, youth centers, and study associations across Sweden, enabling parents and students to search, filter, and book sessions by location, subject, and availability
- Implemented role-based functionality for coordinators, volunteers, parents, and students, including booking management, scheduling, attendance tracking, and PDF export
- Responsible for domain modeling, API design, business logic, authorization, and CI/CD
- Backend: .NET 8, Clean Architecture, CQRS, EF Core, Azure SQL, JWT, Serilog
- Frontend: React, TypeScript, TailwindCSS, TanStack Query

2025/09 - 2025/11 **Software Developer LIA 1** | Go.Do. AB, Ängelholm

- Built backend APIs using .NET, Clean Architecture, CQRS, and Repository Pattern
- Contributed to frontend development with React 18, TypeScript, TailwindCSS, and TanStack Query
- Implemented form validation with Zod and React Hook Form, and maintained API documentation with Swagger

2025/06 - 2025/07 **Software Developer** | InFiNetCode, Hackathon (FridgePal)

- Awarded 1st place out of 9 competing teams at the InFiNetCode Hackathon
- Built a mobile app to reduce food waste using AI-based image recognition and OCR to identify groceries and expiration dates
- Responsible for API design, business logic, and validation layers
- Backend: Clean Architecture, CQRS (MediatR), FluentValidation, Azure SQL

2022/06 - 2024/02 **Civil Engineer** | Dala Trähus, Ljungskile

- Created technical documentation for construction projects
- Coordinated with suppliers, contractors, and clients to ensure smooth delivery
- Maintained internal IT systems, including server, VPN, and Excel-based calculation tools

2022/01 - 2022/06 **Freelance Architect & Business Owner**, Partille

2020/11 - 2022/05 **Architectural Civil Engineer | Volunteer Work**, EWB, Gothenburg

EDUCATION

2024/09 - 2026/06 **.NET Software Developer**, NBI-Handelsakademin, Gothenburg

2013/09 - 2020/10 **Architectural Civil Engineer | House building**, Luleå University of Technology, Luleå

CORE SKILLS

Backend & APIs: C#, .NET, ASP.NET Core, Entity Framework Core, REST APIs, Identity, CQRS (MediatR), Clean Architecture, Repository Pattern, FluentValidation, Serilog, NUnit

Frontend & UI: React.js, React 18, TypeScript, Vite, TailwindCSS, TanStack Query, Axios, Zod, React Hook Form

Mobile: React Native, Expo SDK, Expo Router, i18next

Infrastructure & DevOps: Azure, Docker, GitHub Actions, Swagger, Postman, JWT Authentication, CI/CD pipelines, Rate limiting, Security headers

Database: SQL Server, PostgreSQL, SQLite, MongoDB

Development Principles: Clean Code, TDD, SOLID, Agile/Scrum, API-first development, separation of concerns

LANGUAGE

Swedish – Native proficiency

English – Fluent
